

School Student Survey

One of the things of which we are most proud of is our proud tradition of excellence. There are many ways we strive to continue that tradition, and several involve you—our students. This survey is designed to give us feedback about how we are doing with regard to our teaching and your learning. Please answer each question honestly so we will know your perceptions of what we are doing well and areas where we could do better. *Place an X in the column that best describes your answer to each question.*
